Subject: RE: Parcel G TU-79 Sr-90 Results

Liz –

Do you consider the Parcel Sr-90 results for the two samples that exceeded the RG and the 8 additional aliquots preliminary or final (i.e., will they undergo any further review or validation)?

Subject: Parcel G TU-79 Sr-90 Results

All,

As promised attached you will find the lab data package for TU-124. The systematic samples are included in J40475-1 and the Sr-90 result for systematic sample -001 is shown on Page 14. The data for the four additional aliquots are included in J40475-2.

As discussed a complete RSY Data Package will be submitted once pending removal boundary soil sample's analytical results are available.

Very Respectfully,

Liz Roddy
